

# CHANTRY CHAPEL HISTORY HUNT

This chapel was built in 1504 so **priests** could say **Mass** for the young prince's soul. It's full of clues about Arthur's life and what happened to religion in England during the 16th century. Can you find where the things below are in the chapel? Write their number in the correct place on the map below. The first one has been done for you.

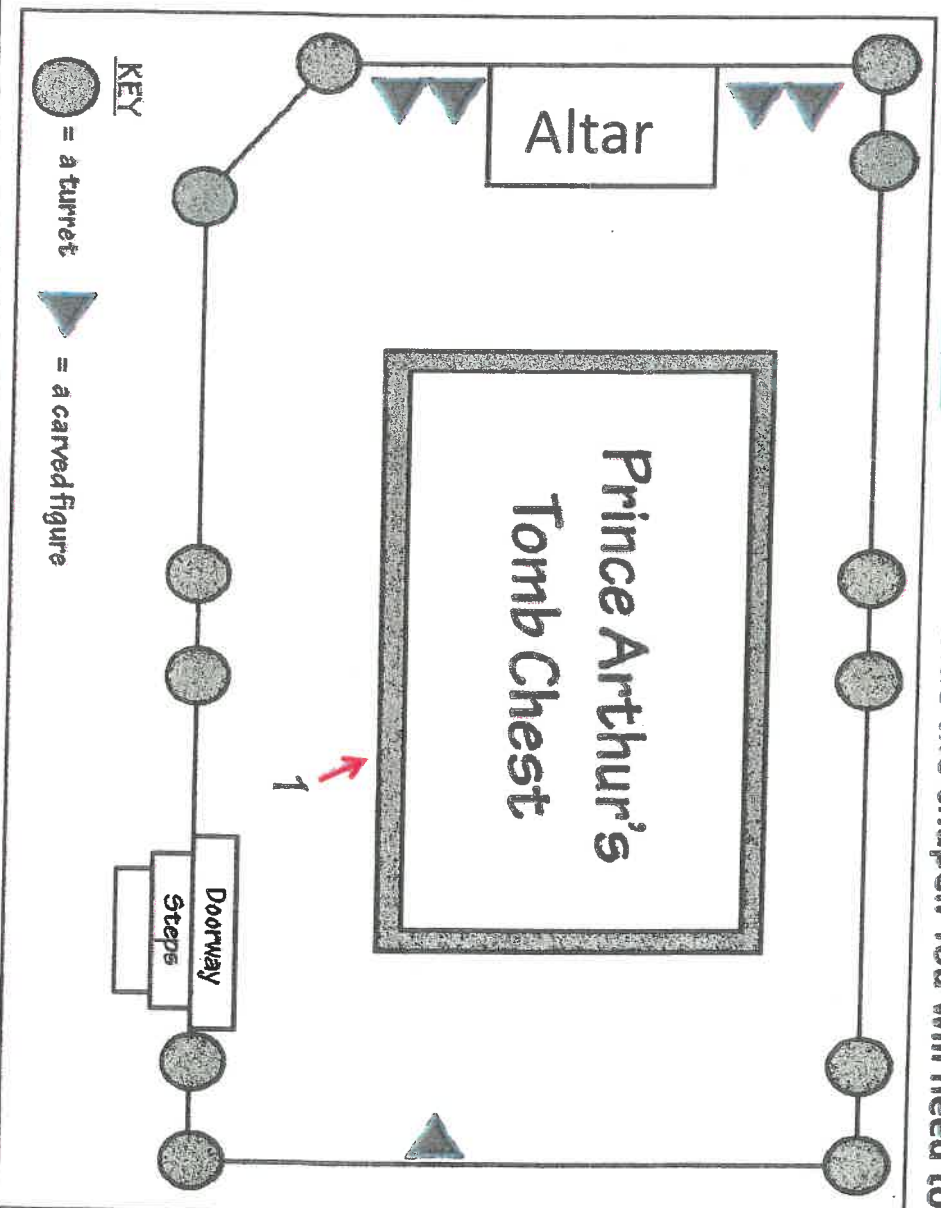

**Top Tip:** Remember to look outside as well as inside the chapel. You will need to look up too!
